Hygge on Harris

From November to February, enjoy our Hygge on Harris experience. During these months, in the day the light is amazing, often with rainbows framing the views. At night, the stars come out and it's Aurora season, and moonlit walks on the beach are a special treat.

When it's time to retreat indoors, Òran na Mara is a cozy haven. Hotel Chocolat flakes come with a velvetiser machine to make delicious hot chocolate, accompanied by shortbreads. Plenty of logs for the fire, soft throws, and electric blankets keep you warm. And if it gets a bit wild outside, you can enjoy watching it all from the floor-to-ceiling windows.
